About

As a skilled Front-end Developer, I have a strong background in creating visually appealing and user-friendly websites. I am proficient in a variety of programming languages including HTML, CSS, JavaScript, and have experience with popular front-end frameworks such as Angular. I am confident in my ability to create engaging and responsive websites that deliver a seamless user experience.

Education

-Upskilling program, Al Hussein Technical University (Jan 2023)

Front-end web development, soft skills, and English training – 340 hours

-BSc, University Of Jordan (June 2020)

Civil engineering – GPA: 3.23

Experience
